Cope Plastics, Inc. Acquires JB Jensen & Son, Inc.

Cope Plastics, Inc., the premier distributor and fabricator of plastic sheet, rod and tube in the Midwest, headquartered in Alton, Illinois is pleased to announce that it has acquired the assets of J.B. Jensen & Son, Inc., located in Genoa City, Wisconsin. As a part of this acquisition, Cope Plastics, Inc. will continue to do business under the name of J.B. Jensen & Son, Inc. at its Genoa City, Wisconsin facility.

J.B. Jensen & Son, Inc. is one of the Midwest's premier manufacturers of specialty plastic components for industry and believes strongly in a management approach centered on quality and total customer satisfaction. Since 1950, J.B. Jensen & Son has maintained its reputation as a fabricator of high-quality plastic components for the industry.

Utilizing screw machines and CNC equipment, they machine plastic materials of all types, shapes and sizes to create custom parts for thousands of companies from small businesses to Fortune 500 corporations. Their parts are used in the automotive, electronics, food hauling, farm equipment, and aerospace industries among others.

This acquisition allows Cope to offer an even higher level of custom fabrication and application solution services to its customers throughout the United States.

About Cope Plastics, Inc.

Cope Plastics, headquartered in Alton, IL, is a leader in plastics fabrication and distribution serving a wide range of customers. Since its inception in 1946, Cope Plastics has grown to be the supplier of choice to over 8,000 companies involved in heavy equipment, agriculture, food service, oil & gas, aerospace, medical, transportation, and retail industries, among others. Cope Plastics prides itself on its award winning recycling programs and is one of the largest women-owned businesses in the St. Louis area. Visit us at www.copeplastics.com.
